

## Help a Parent and Child Learn Music—Together

Dear Friend,

At **Unity in Strings**, we believe music is strongest when families learn together.

That belief comes to life through our **Parent & Child String Orchestra**, a fully funded music education program for underrepresented and economically disadvantaged families. Since October 2023, parents and children have been learning side by side—sharing private lessons, playing in orchestra rehearsals, bonding through music, and performing together as a community.

By removing financial barriers, we don't just teach music.

We build confidence.

We strengthen family bonds.

We create belonging—one family at a time.

We invite you to partner with us by sponsoring families who are currently enrolled and continuing in the Unity in Strings program. All sponsorships are **one-time gifts** that directly support a **16-week semester** of music education.
